The Loudoun County Design Cabinet is recruiting six Loudoun high school juniors and seniors to help select the annual Signatures of Loudoun Design Excellence Program Students' Choice Award.

Selected students will work with Design Cabinet members (professionals in architecture, design, engineering or planning) to select an award recognizing the places and spaces which make Loudoun a community of exceptional design.

Participation involves reviewing a confidential award nomination packet, and then attending the awards selection meeting on Friday, March 8 from 8 - 11:30 a.m.

Students are able to meet and ask questions of the cabinet members and other Loudoun students while debating the merits of the award nominations. Former program participants – now in college – will also be on hand to lend their insight into college admissions and architecture programs. Participants are also invited to attend the awards presentation and reception in the spring.

**Spaces for this very popular, once-a-year opportunity
are limited, so contact us today!**

Send your name, age, the name of your high school, and a short paragraph of interest to
Susan.VanEpps@loudoun.gov by March 1.
